Taking notice of God's plan of Salvation

The fact that I reveal My plan of Salvation to you should make you realise the significance of the time you live in. The knowledge I convey to you in all clarity is intended to give you an insight into My reign and activity, it explains to you the purpose of your earthly life, the meaning and purpose of creation this knowledge is so momentous and extensive that it could not humanly be offered to you such knowledge can only be imparted to you through the working of My spirit. The light I transmit to earth can shine exceedingly brightly and dispel the darkness if you humans are receptive to it, if you allow yourselves to be impressed by it as soon as I address you And the reason why I transmit this extraordinary knowledge is because you are approaching the end If you have been informed of My plan of Salvation you will also understand that one period of Salvation comes and must come to an end, for then you will only look at everything from the point of view that the fallen spirits must be given every opportunity to start the path of return to Me be it the human being or the spiritual substances which are still bound in the creations which, in their fundamental substance, emerged from Me as a being and shall also return to the Father's house as a being again

Since you know My eternal plan of Salvation you will also know about the infinitely long process of development which the fallen spirits have to travel in order to ascend again In that case you will also mercifully consider those who have not yet reached the stage of a human being and which suffer in their constraints because they originally came forth from Me as a free spirit And you will also know that it is due to the human being's free will if he fails during his earthly life, and that this free will therefore creates his own fate that his life on earth is unwarranted if he makes no use of his embodiment as a human being Hence you can understand that this spiritual being forfeits its own earthly life and that the termination of one period of Salvation is merely an act of love on My part, Who also wants to help the advancement of those spiritual substances who long for their

final form so as to be able to release themselves for good by taking the final path across earth as a human being And I inform you humans of My plan of Salvation in the last days as a special grace because it will make it easier for you to believe in an end once you have correctly recognised the correlations For even if a thousand years are like a day before Me the last day which has been determined for eternity will nevertheless arrive sooner or later And then I will separate the sheep from the goats and those who are and remain faithful to Me will be saved, none of those need be afraid when the earth begins to tremble, for their life will be guaranteed for all eternity

Therefore, understand My Words correctly and don't doubt Me and My Word, which comes to you from above announcing a near end to you and which will fulfil itself because it is the truth Those who take notice of My revelations should really find it easy to believe since you are aware of all the correlations For I have revealed My 'plan of Salvation' to you, you have received extraordinary knowledge to enlighten you, so that you will be able to believe You cannot persuade Me not to carry out My plan of Salvation, you cannot delay the day of the end because it has been predetermined for eternity But every one of you can belong to those to whom I have promised My protection if they remain faithful to Me you can belong to the few righteous people whom My arm will protect, whom I will lift away from earth when the hour has come which signifies the end for all creations on, in and above the earth For My might is great, My love is infinite and applies to all as yet unredeemed spiritual beings, and My wisdom truly knows when the time is right for a necessary change if the higher development is to continue in accordance with My eternal order And My love, wisdom and might will constantly be at work when it concerns the return of all fallen spirits who shall come home into My Fatherly house

Amen

What is the world?

Thus you can look at the world with all its creations as a kingdom belonging to My opponent, for it shelters all fallen spiritual substances, it is just that he is deprived of them during the time when they embody one form after another. And yet the world was created by My love, wisdom and might and My adversary has no part in it, despite the fact that it belongs to him he has no control over his world And it has arisen in all its beauty, sheltering the most marvellous creations of all kinds My love, wisdom and might can be noticed everywhere and although I constrained the rebellious spiritual substances within these creations the act of creation was a happy one for Me which enabled My once emanated strength to become active again, because the strength I externalised as a 'being' refused to be active and by rejecting My strength of love also rendered itself incapable of it.

And thus I gave this strength a task again by bringing a world into existence with all its innumerable creations but also with participation of the beings that had remained faithful to Me for they, too, had the power to create. They knew My thoughts, My plan of Salvation and experienced their working with Me as exceptional happiness. Their love concerned their fallen brothers whom they wanted to help lift out of the abyss. The fact that this process required an infinitely long time from a human point of view did not bother them, for they were perfect and therefore lacked all concept of time Nor did the concept of time exist before the stage of the human being. It only started when the human being entered the creation as a self-aware being and it will not lose this concept of time and space again until he becomes perfect once more And this concept of time can be seen in all creations, where every form be it in the mineral, plant or animal world always has a limited time span at its disposal and thus higher development always depends on certain periods which thus also explain the perpetual changes which constantly can be observed in nature and which subsequently also determine the perpetual return of the seasons, of spring, summer, autumn and winter

Everything took place in unsurpassed wisdom, which always and forever will remain unchanged as long as creation exists, for everything proceeds

according to divine law. And the various different worlds are subject to different laws again Yet each one contributes towards higher development, and each one takes the already achieved degree of maturity into account. This is why I look upon My creation with pleasure because I don't see in it the fallen spirits but only the means for their ascent, and I consider all means as an expression of My love and wisdom which one day will accomplish the return of the fallen spirits to Me. And you humans may take pleasure in My creation, for it offers you works of wonder which you are unable to create yourselves. You can only ever see and marvel, but you carelessly take no notice of what testifies to your Creator's wisdom, love and might. And yet this whole world only came into being because of you, and you are its crowning glory, you are the once fallen spirits which are on the last short path of return Everything you can see around you served to achieve your degree of maturity; you have merely overcome all these forms already.

But in the last stage as a human being My adversary has power over you again which I cannot deny him but which you can take away from him yourselves by directing your will towards Me And once more all beings of light will stand by you in order to support you in your battle against him, for they all want you to become free from him who alone was the cause of the origin of the earthly world because he had pulled you down into the abyss. You, however, must decide for yourselves which lord you want to join, and this decision alone determines your fate in eternity

Amen

The process of creation has taken eternities

The process of creation was not the work of a moment, even though it truly would have been within My power but then creation would have missed its purpose, since it was intended to ensure a gradual development from the abyss to the pinnacle and therefore continued for an infinitely long time. Hence you humans should understand that the description in the Scriptures, in the Book of the Fathers, only informs you of this act of creation in a pictorial manner, because people who still lack deeper

awareness would be unable to understand the true process, and it is only intended to teach them that creation once came forth from My hand, that it was and is the work of My will and My might

Anyone who wants to delve deeper will also come to a more profound understanding. At first it is only necessary to know of a Power Which brought everything into existence the human being can see around himself, as well as the creations he is unable to see. Before the far-reaching correlations can be explained to him he has to know about the original beginning of what My strength of love emanated as independent beings And he has to know about these beings' apostasy from Me and the immense original sin with which the beings were then burdened. Only then can the emergence of creation and the process of return through creation be explained to him. But anyone with an unenlightened spirit will hold on to the letter and will never clearly understand it since he is not open to instructions by spiritually enlightened people either.

Every work of creation required an infinitely long time of preliminary development which, however, always related to the spiritual substance which should progress within a work of creation It had fallen so low that it also needed an endless length of time in order to ascend again within the various kinds of creations from the most primitive to the most beautifully formed works brought into existence by My will in order to shelter the spiritual substance and enable its path of ascent And therefore the creation work Earth, too, was, in the beginning, a mere cluster of utterly immature spirits whose substances gradually condensed to form a mass which could not yet be described as hard matter but had to be understood as basic elements, without form but with tremendous effect of strength, for they contained totally uncontrolled spiritual substances. Yet My wisdom distributed everything in the right measure and used every element for My creative work, so that separate forms arose which had to comply with their destined purpose; and thus began the slow construction of the visible works of creation which continued for an endless time until the earth started to show vegetation and increasingly more mature spiritual substances were able to occupy those creations to travel the path of higher development in this plant world. Then followed the first living beings creations, which could already perform a certain, albeit very small, task

imposed on them by natural law.

And, again, an infinitely long time of development passed from these minute living beings to the world of animals which included ever larger and stronger forms, in which many spiritual substances had already come together and united in order to keep fulfilling the task of cultivating the earth for the final crowning work of divine creation for the human being who had to pass through all those preliminary stages and whose soul now is the composition of all those tiny particles which belonged to a once fallen original spirit and which, in a dissolved state, had to go through all works of creation in order to gradually evolve again in this way.

Consequently, the human being could not have been created at the time of `creating the world'.... just as **all** works of creation have never been My instant work, precisely because the **slow** advancement had to proceed first or the whole of the creation work would have been meaningless and without purpose, for it did not come into being for My sake but for the sake of My fallen living creations and thus was also meant to fulfil the purpose of leading the fallen spirits back to Me again. And yet, every work of creation was My externalised thought which was always implemented when the spiritual substance had reached a certain degree of maturity and required a new form in order to continue its path of development. And thus different creations arose periodically. The plant world only became necessary when the world of rocks released the spiritual substance which then required a new and lighter form And likewise small and minute living creations arose after the creation of the plant world And only I knew when one was necessary for the other, and I also knew how much time the larger living creations, the animals up to the Pre-Adamites, would need to mature their embodied soul-substances. Hence I also knew when the time had come that the individual tiny particles of the spiritual being had merged again in order to embody itself as `soul' in the last form. Then I externalised a work of creation again the human being, whose external shape is so skilfully created that a maturing to final perfection will be possible. And this creation of the human being also occurred an infinitely long time ago, which you humans cannot establish since your concept of time is still limited, but My work of return has already lasted for an eternity. And although eternities had passed before the appearance of the human

being, before the earth with all its works of creation was ready for the human being to take possession of it for the purpose of his final maturing, this point in time is also very remote, because time and again periodical immense upheavals and changes occur on earth which make it impossible to calculate the duration of time since the beginning of earth and of the human being.

But this is certain, you humans will only be able to gain a real insight into My eternal plan of Salvation when you have attained the appropriate degree of enlightenment yourselves For until then you will be intellectually incapable to envision the length of time for which the concept of `eternities' could be applied And for as long as your spirit is still unenlightened it has to be explained to you in an illustrative manner Only an awakened spirit will be able to gain deeper insight, yet ultimate wisdom will only become explicable when it enters the kingdom of light where everything can be revealed because everything will then also be comprehensible

Amen

Time concept of earth's evolution

The evolution of earth required an infinitely long time Even if you humans want to set up a concept of time for this you are unable to think that far back because it exceeds your intellectual capacity. Yet you should know that the apostasy of the beings I created took place during an equally long period of time but that the concept of `time' is not applicable for this slow developmental stage of earth because this concept only exists for the self-aware being in its stage of imperfection, since the concept of time no longer exists for the perfect being. This is why people will only ever be able to estimate the individual stages of the creation work `earth' but never even come close to the truth unless they apply the concept of `eternities' For the apostasy from Me has taken eternities, and the same period of time will be needed to return the spirits which had deserted Me.

And if you humans now considered that you are close to joining Me again completely if you considered that these eternities are already behind

you and that you can soon finish your ascending process of development and succeed in completely liberating yourselves from the form if you considered that your apostasy from Me happened eternities ago and that you can now lessen this immense original sin and become completely released from it with the help of Jesus Christ then you would truly only be moved by the one thought of sincerely giving yourselves to the divine Redeemer Jesus Christ and appeal to Him to grant you the strength to establish your final unification with your God and Father, Whom you can now recognise in Jesus Christ and for this reason entrust yourselves to Him in love and humility in order to cancel your past sin of arrogance and heartlessness

Your thinking will only ever move within limitations, and thus you cannot understand that an endless time has passed in which you were constrained by My will, which had removed you from My adversary's control so as to enable your higher development And you cannot be granted the retrospect of this endlessly long path because it would no longer be possible for you to continue your path across earth in free will, since you would be driven by fear to live according to My will, and then you would never be able to become perfect as this requires free will. However, if you know about your soul's process before its incarnation as a human being, your sense of responsibility will be stronger and then the results of people's research will also be of value, who think they can prove that the evolution of earth and its inhabitants took thousands of years and which should make you wonder how long you have been on earth already albeit not as self-aware beings

Yet then you will also know that the whole of creation shelters spiritual beings on their upward process of development in order to once again become what they had been in the beginning: free, self-aware beings, able to be active in strength and light as they were intended to be when I created them through the strength of My love It can only ever be believed since evidence of it cannot be given but even faith can become a conviction if the human being in his last stage on earth tries to bring his nature into line with that of his God and Father, if he changes himself to love and thereby unites himself with Me For as soon as I can be present to him because I Am love Itself he will also be able to believe with certainty and know that he

only lives on earth in order complete his task after his infinitely long path. And he will wholeheartedly strive towards Me and thus find unification with Me, his Father of eternity, and be inconceivably happy

Amen

The soul's process of development before embodiment

You humans have passed through many forms i.e., your real Self, your soul, had to go through a long process of development before it was allowed to incarnate in a human body And this process of development was the path through all the works of creation Dissolved into countless minute particles the soul had to animate each one of these works of creation and thus slowly mature, as soon as various particles had joined each other they had to constantly enter new forms, and all forms the innumerable works of creation contributed towards the maturing of these substances of soul until, finally, all particles were allowed to come together again and as a human soul enter and give life to the last form, the human body. Hence you all had to travel this path of development since due to your past fall into sin the separation from God became so great that the soul in its lifeless state, which was the result of its apostasy, would never have been able to overcome this vast distance from Him. It first had to be brought back to life. But life could not be granted to the beings which had become sinful they had to acquire it through being of service. However, the being would never serve voluntarily because it would have been prevented from doing so by God's adversary, whom it had followed into the abyss

But it wasn't meant to remain eternally subject to death, it was meant to be given the opportunity to attain life and this `opportunity' was the creation. God seized the fallen spirits from His adversary and made them serve Himself, He gave every work of creation its purpose according to natural law and made it fulfil this purpose in a state of compulsion.

As a result it had to be of service and, if only after an infinitely long time, thereby acquired a weak life which nevertheless enabled it to become constantly more active. For every being having once emerged from God's love was His emanated strength which wants to be active However, the

beings which had joined God's adversary rejected God's illumination of love which is needed for living, thus for a being's activity, and therefore it fell into the state of death. And were it left to the being itself it would never be able to come alive again because its fall into the abyss made it completely helpless. For this reason God called a work into existence which at first ruled out the being's will for activity, which subordinated itself entirely to His will and which, through 'natural law', carried out the purpose He had assigned to this work, to the whole of creation.

His plan consisted of slowly bringing back to life what was lifeless, of giving it the possibility to be active again. And thus it was joined to the individual works of creation in tiny particles and through natural law obliged to get active again It was bound in these creations and unable to resist, it had to be of service but thereby was also able to reach the degree of development which gained it ever more freedom and finally also placed the spiritual being into the state of free will, from where it then has to decide whether it wants to continue its ascent or return into the abyss once more For God certainly helps the being to ascend but He does not compel it if it wants to descend. This decision of free will therefore takes place during the final stage of development on this earth when the soul is embodied as a human beings and can use its free will again at its own discretion Then the human being must recognise the great mercy of the former process of development and make conscious use of his earthly life, he must prove himself worthy and have the will that his final stage shall take him to the goal, he must strive whole-heartedly for his perfection and thus prove that he belongs to God; he must do whatever it takes so as not to fall again into the hands of the one from whom God's love had helped him become free throughout infinitely long times He must not live carelessly during this short time but again and again only remember the spiritual goal which will release him from all constraints, which signifies the reunion with God in light and strength and happiness And thus you humans were given earthly life for the sake of liberating your soul from a bondage which was placed upon you by God's adversary since time immemorial but which was its own fault and thus it will also have to remove its own share in order to gain its freedom and everlasting life

Amen

Process of development

Law of compulsion

Stage of free will

Nothing is without purpose and goal Everything in existence was created by God and brought to life to fulfil a purpose. Consequently, everything also has its function; it has to serve in some way or other in order to fulfil its purpose. Even the smallest work of creation, the smallest living being, has its task which it has to comply with and effectively is forced to do so, because every creation is subject to natural law, thus it is unable to act unlawfully.

Nevertheless, even an accomplished task in the law of compulsion is effectively a service, for it will always benefit another work of creation, it is necessary for the emergence and preservation of same. And thus, nothing in the entire universe is without purpose, or was created for no reason.

The final purpose and destiny, however, is the liberation of the spiritual substance, towards which the whole of creation contributes in accordance with God's wise plan of eternity. The whole of creation only came into being for the purpose of liberating the spiritual substance, and every single work of creation complies with this destiny in the law of compulsion.

The human being, however, is an exception, he is indeed God's work of creation too, nevertheless, his thoughts, will and actions are **not** subject to the law of **compulsion**. The external human being, the physical body, is still subject to the law of compulsion, because this consists of spiritual substances which are still at the beginning of development. His soul, however, enjoys a certain amount of freedom, it is able to develop in line with its own will, thus God has not subjected it to this law. All the same, even the soul's development, its release from the constraint of earthly matter, depends on its will to **occupy itself in a helpful manner** thus, again, **service** is the actual purpose of its earthly life. And since it is not forced into a helpful activity, love has to develop within itself, which is the most certain impulse for helpful activity.

What occurred and was achieved during an infinitely long time in the law of compulsion shall now experience its culmination as human being, but of its

own volition. The human being should serve with love in order to become completely liberated from the constrained state, which the soul regards as a limitation and restriction of its original abundance of strength and light The human being's soul can reach this goal on earth if it has the sincere will to do so, yet it does not have to attain it, because God gave it freedom of will to enable its free decision for Him or His adversary, who caused its loss of freedom and from whom it therefore has to liberate itself. Loving service is the key to liberation from this infinitely long captivity What the spiritual substance had to do in line with God's will during the long path through all of creation, it should now, in the final stage, do of its own volition it should serve because of love Thereby it demonstrates its divine origin, for love characterises the divine being and it shapes itself again into its original nature, it accepts again what it had voluntarily abandoned due to arrogance. As soon as the human being serves with love his offence against God will be cancelled, he will have left the state of sinfulness and will have found his way back to God, from Whom he wanted to distance himself (had distanced himself) he has recognised his childship and desires to enter into the right kind of relationship with the Father, and through love he will become a true child of God

Yet it all has to take place in free will, and this is his test of earthly life which he absolutely has to pass. The human being is able to reach this goal since he will receive help from God in every way, but he may also have completed the infinitely long process of development in the law of compulsion in vain if he, instead of progressing in the stage of a human being, comes to a standstill or even slips back. Then he will misuse his free will again he does not use the many opportunities at his disposal to reach the goal, and then he will also have to accept the consequences a repeated path through all of creation. One day he will surely reach his goal, but it is up to the being itself to decide the duration of its captivity, for God gave it free will which He respects so that it can become perfect

Amen

Development of earth and human being

You can come to Me with complete truth and ask Me any question that moves you, for I will always answer it such that it will help you. However, you can only grasp a limited amount of knowledge yet what I impart to you is sufficient in order to grant you an insight into My eternal plan of Salvation it is also sufficient for you in order to explain it to and teach other people and in order to reveal to you My love, wisdom and omnipotence. And I will add to this knowledge the more you progress yourselves, the more receptive you become to My light and strength for it is My aim that you shall become as perfect as you were in the very beginning, and this also involves profound realisation the comprehensive knowledge about My reign and activity, about My Nature and your goal

It took an infinitely long time for you humans to advance from the abyss to the point which permits human existence This infinitely long time until the development up to the human being had occurred was necessary because everything can only develop in lawful order no phases of development can be left out at will, hence these phases of development had to take place in accordance with My eternal plan of Salvation and thus appropriate creations were also required for this development which as 'pre-historic' has become a concept to you. Although the human need for research certainly attempts to calculate the duration of this pre-historic time yet only with very limited success, for the slow advancement of the spiritual substances as well as the emergence of creation which you are now able to behold as human beings, has taken eternities; they were infinitely long periods of time for which the word 'eternities' is certainly the right word The concept of time, however, only began when the living creation 'Man' was called into being by Me, for prior to that the living beings were not rational enough as to enable them to think and reason independently, as to enable them to live consciously and to grasp the concepts of 'past - present and future'.

Only the being endowed with common sense and free will can be called 'a human being', which was sufficiently capable of thinking in order to acquire a certain amount of realisation and live accordingly Hence from this

time onwards one can speak of the conscious development towards ascent, where the once fallen spirits were given the opportunity to return to Me for good The creation of the first human being was the beginning of a period of Salvation where free will became the crucial factor and not My will, as was the case in pre-historic times, where everything took place under the law of compulsion which irrevocably had to result in higher development And now you wonder how long the 'human being' has populated the earth already whereby you only ever mean the rational human being who is capable of making his own free decisions and as whose descendants you regard yourselves

The first human being capable of accepting responsibility for his actions and thoughts was Adam even though human-like beings already existed before Adam in all parts of the world who instinctively carried out much of which is assumed was human thinking but who nevertheless were impelled by spiritual intelligences, who thus served ascending spiritual substances as a shell and in the law of compulsion carried out what was needed for the development of the creation of Earth to become a dwelling place for future human beings. They were human species whose instincts and compulsive impulses broke through incredibly strongly but who nevertheless could not be held responsible because they, too, contributed towards the fact that spiritual substances were constantly released and able to embody themselves anew because everything just served to prepare an area for the human being which was suitable to pass their last test of will These human-like beings were therefore physically already very akin to the form I had prepared for the human being Adam when the time for the fallen original spirits had come to have their free will returned in order to then be able to liberate themselves from the form altogether. Time and again pre-historic creations released spiritual substances, and the development of what to a certain extent had advanced the whole emergence of earth in its bound state continued to progress and thus the time eventually came for this spiritual substance to make a free decision

And this was the beginning of the epoch of Salvation which is of significance for you because it enabled the being to use its free will and intellect and thus live a conscious life However, the beginning of this epoch is so infinitely far in the past that you humans are unable to make any relevant

calculations yet due to My will the most important periods and their events remain known to you, and although you also divide them into well ordered time-spans it is entirely irrelevant for your own development. Yet the endless number of fallen spirits necessitates an infinitely long time of higher development therefore you are no longer capable of estimating the duration of the pre-historic time just as the embodiment as a human being will have to take place on such a large scale that it will take eternities It will not be possible for you humans to determine the beginning of this epoch scientifically, yet you will always believe otherwise, because it is in the human being's nature while he is still imperfect that he mentally limits everything that is in the past but never wants to acknowledge that there is a limit for the time ahead of him consequently he does not reject a beginning but an end seems impossible to him. The former, however, is irrelevant whereas the latter is so extremely important that the human being should direct his whole attention only to what lies ahead of him that one period of Salvation will come to an end, as did so many before but that My eternal plan of Salvation will remain that there will never be an end as far as the act of Salvation is concerned that an endless number of fallen spirits also require an infinitely long time for their return and that time and again I will give these spirits the opportunity to ascend from the deepest abyss to the light to Me, from Whom they once came

Amen

Pre-historic human beings

Responsibility

Throughout infinitely long periods of time earth has evolved such that it can be home to countless living beings and therefore complies with its true task as a place of education for the spirit During this time of evolution the living beings still had a different nature, they were more or less akin to the evolving earth as far as any living being was at all able to live. There were numerous developmental periods and from a certain point onwards earth was able to shelter living beings on its surface. However, as earth evolved the more these increased in number, and thus the development of earth's

external form advanced as well as the living beings, which were assigned to earth for the purpose of higher development. It took an inconceivably long time yet this process of evolution was necessary because the spirit within, on the surface and above earth first had to prove itself during the condition of constraint, which the spirit in every work of creation is subjected to. During this time of development the spirit passed its test and could slowly evolve into a living being. The living conditions were considerably more difficult but it asserted itself and gradually evolved into some kind of human being which, however, was completely different from the present day human being.

The being was still constrained, i.e. it acted instinctively, to some extent it was still guided and did not have its own free will and intellect. Although outwardly the being resembled the human being, it was still on the level of the animal world in every other respect and lived in accordance with divine natural law and therefore instinctively, without consciousness of its actions. This being was not accountable yet, its life was subject to the law of compulsion, motivated by its inherent instincts, which in turn expressed themselves in the beings in accordance with divine will. These living beings were compatible with the primitive conditions of the earth's surface, but to a certain extent they contributed towards the earth's development by multiplying themselves and with their unconscious actions accelerated the changes on the earth's surface, which became increasingly more suitable to shelter more evolved living beings until the first human beings, equipped with free will and intellect, were assigned to live on this earth. They could make use of everything on earth and, instructed by God Himself, live or were supposed to live a conscious life, which was the actual meaning and purpose of their embodiment on earth. However, now the human being was also answerable to God for his actions and thoughts. He had achieved a certain degree of maturity which enabled him to live in keeping with God's will and in view of this ability he now was also responsible how he used his life, since it was up to him to utilise all his gifts. However, he was informed of the consequences of his life during this incarnation on earth and thus he is able to make use of his free will

Amen

Pre-Adamites

Long before the first human beings lived on earth, who were equipped by God with free will and intellect, human-like living creations whose task it was to make the earth habitable for the succeeding human race already existed. They did their work instinctively, i.e. driven by natural law in order to sustain themselves, they gathered fruit, harvested field products and built dwellings for themselves they did everything which instinctively was of benefit to them.

Yet they could not be held accountable for their actions, for they were not yet embodied by a soul which contained all the minute particles of a fallen original spirit. These beings were already very much like human beings, they had the same bodily form, yet they were neither self-aware nor able to communicate with each other, only their desire for self-preservation was strong and they often lived to a great age. In a manner of speaking they were of service to creation by contributing towards changing the earth's surface which became ever better prepared as a suitable abode for the needs of human beings. However, these beings were not yet given a task, they merely served the still imperfect original spirits as a final opportunity to mature, which they then were to continue as a human being with free will and intellect.

Hence these prehistoric people the Pre-Adamites could not be considered real 'human beings', for their nature, their appearance and their every activity was more in line with an animal, which is still far behind in its development, only the form was similar to a human being. This is why later people named these living creations prehistoric-man, but which could not be compared to the human being in possession of free will and awareness, which he was also meant to use intellectually in the right manner.

Nor can it be said that the human being evolved from this Pre-Adamite, since the human being was a new creation which God only externalised after many of the first original spirits awaited their embodiment. The prehistoric being was one of many creations which all had to serve their purpose of preparing an abode for the later appearing human being that would guarantee him a carefree earthly life. The Pre-Adamites were those

human-like beings which could not be held responsible because they lived instinctively, like animals ... who lived on earth long before human beings ... who were not self-aware and could only live in groups ... who thus could only be found where human beings would later settle, for whom they prepared the specific area with their consistent activity. This was the beings' innate characteristic and expressed itself by cultivating large areas of fields, by systematically sowing essential substances and by harvesting such stretches of land They did this entirely unconsciously, resulting from a natural instinct of self-preservation They fought each other and the stronger won. And thus they also contributed to the fact that constantly new spiritual beings incarnated themselves, if only for a brief period of time, to prove their strength, when more or less strong impulses asserted themselves which gradually weakened the longer they lived and then also slowly attained the maturity which enabled them to enter their final embodiment as a human being.

Thus human-like beings had already existed long before the first human beings, but they cannot in any way be related to the real human beings. They were comparable to them in their external shape but they existed like animals ... in their instincts as well as in their manner of procreation, which evolved in line with their soul-substances, and were one of the many works of creations which disappeared again after they had completed their earthly task, thus the beings no longer required such creations, and they subsequently became extinct like so many creations which earth had sheltered for a while in order to make place for new creations

But it cannot be said that the modern human being evolved from these prehistoric creations, rather, he was and is a new creation, endowed with free will and intellect, which then had to prove itself, thus he also received his self-awareness again. To what degree the Pre-Adamites could also use a certain amount of intelligence merely depended on the degree of maturity of their embodied soul-particles which, however, were unable to think and only expressed their intelligence through their active work, thus unconsciously This activity nevertheless produced the greatest works of wonder, as can often be seen in nature that paths were created for these beings to reach one another, that they created gorges and underground passages and thus created the first prerequisites for the human race so

that the latter could then live the right kind of life when the time had come for the first original spirits to embody themselves as human beings The more people spread, (original spirits awaited embodiment), the more the prehistoric beings began to disappear which, however, only ever happened in stages, until the human race began to populate the earth and their probationary period began, when every once fallen original spirit had to prove itself, and therefore the human being has to be equipped with self-awareness, intellect and free will in order to travel the path across earth which will lead him again to the Father from Whom he once originated.

Amen

Time estimation not possible for people

I will always avoid allowing you to feel abandoned by Me, for you shall turn to Me with all your needs and cares and you will always receive an answer, because I know what troubles you and I Am always willing to take them from you if you trustingly hand them over to Me You need not worry in the slightest for I will think on your behalf, I know what bothers you and what questions come to your mind

Infinitely long periods have passed during which people already inhabited the earth, for the estimation of time you deduce from the Book of the Fathers is only warranted insofar as it shows the respective spiritual state of the people at the time, but that humanity inhabited the earth for an extremely long time already that only those happenings were recorded for their orientation which were of significance for humanity's development but that it is no longer possible to determine the duration of these times, you would never come to the right conclusion. However, this much is certain, that although many earthly periods have passed by already, the human being is still the same creation today that he was then that he was able to use his intellect from the start and that he was always troubled by the same problems which still bother people today, as far as they concerned the reason and purpose of their existence. For the gift to contemplate such things was given by Me to people from the start. Even in those days people discovered signs of pre-historic creatures already although they did not

acknowledge them as their own kind since they differed considerably, and the first people knew that people like themselves had not existed before them, for they recognised themselves as a new creation, they knew that their existence had started an act of creation which had not happened before

They knew that they were able to talk to each other and that it was possible for every created human being to communicate with his fellow human beings. Besides, pre-historic beings were not known to them, nor did they know all the pre-historic creations they had to pass through themselves before they were allowed to embody themselves as human beings. Yet at no time have pre-Adamites lived together with people on earth, because they became extinct before people appeared on earth. Coexistence could never have taken place because it did not correspond to My plan of eternity, which could not have created something imperfect at a time when the perfect human being should prove himself as the crowning glory of creation. For the human being was unconscious of all pre-historic creations, he did not know his long process through the works of creation on earth, and thus as a new creation he had to be perfect and capable of receiving a soul, because the human being started a completely new path on earth with the goal of final unification with Me. The fact that the human being, due to his own fault, failed to reach this final union is not related to the process through the previous stages, for every soul which is permitted to embody itself as a human being one day has also reached the degree of maturity which allows for such an embodiment.

But it is impossible for people to establish the precise duration of humanity's existence on earth, nor will they receive clarifications in that respect because it is irrelevant how long people have lived on earth already, and by the same token it cannot be established when those pre-historic people lived. However, it is certain that they preceded the human being, that ages ago they dwelled everywhere as a creation which likewise served the maturing of innumerable tiny particles of soul, and thus they also contributed towards the higher development of these tiny particles which subsequently were allowed to embody themselves in a human being again. You humans can no longer establish it timing-wise, nor will it be possible for you, you can estimate an approximate period but will never know as to whether it

is correct, for every single human being's live-span is limited. My creation, however, has existed for eternities, which will indeed remain eternities for you until you reach the light one day Then you will know that even the concept of eternity is but a fleeting moment for Me

Prehistoric people?

You only need to turn to Me with an appeal to grant you an explanation and I will not hesitate to answer. You don't realise that the act of creation has taken infinitely long periods of time, for you judge by your present concepts to time, whereas the act of creation necessitated eternities, which is rationally impossible for you to understand. Hence you are right in your assumption that the pre-Adamites lived long before the human being who was recognized as the true human being due to his self-awareness, intellect and free will. Yet this does not exclude the fact that these human beings had no knowledge of pre-historic people, they knew of their existence but described them as having lived long before themselves. But this only happened after the fall into sin, when I sent beings of light from above amongst people which enlightened them as to their past process through all creations Prior to this they had no knowledge of it at all, and thus no idea about these human-like beings because wherever people were created these beings had become extinct. However, since the growth of human population advanced only slowly in keeping with the matured original spirits the process of creation continued over a very long time, and thus the earth was not inhabited by people everywhere at once, whereas the pre-Adamites only became extinct when the creation work 'Man' began to appear.

Pre-historic people therefore have never lived with human beings together at the same time, but the human being was created at different times since the conditions on earth, too, varied quite considerably and needed this diversity, because even the original spirits developed differently, which is not quite understandable to you humans yet. It is not as if people were instantly created on earth, instead, everything took place such that one

can speak of periodic creation, and every period brought forth such beings until the human being with self-awareness, intellect and free will appeared as the last work of creation. If I now use the term 'at the same time', then I mean the same period of creation which, however, was so long that it cannot be expressed with numbers but that these pre-historic beings preceded the real human being because no concept of time exists for Me and to Me a thousand years are like a day. And the whole act of creation took so long that people can no longer determine the length of time, only the fact that everything developed, from matter to the mineral and plant world through the animal kingdom up to the human being, but that I also always created a new external shape for the tiny particles of soul as they developed further.

Hence, the expression 'they developed into the next being' only relates to spiritual development, yet every external shape was a new creation which always vanished again once it had completely fulfilled its purpose, on account of which so many beings disappeared again once human beings came into existence who were able to create and shape according to their will Thus people did not live alongside pre-historic beings, but that does not rule out that they didn't inhabit the earth at the same time, they just lived so far apart that they had no knowledge of them, because the time had not yet come for the human being to find the right living conditions he needed in order to survive there. Just one thing has to be clarified, that the earth was not populated at the same time with fully responsible people, they came much later, whereas the pre-historic people still existed wherever the earth was not yet sufficiently developed. It is difficult to give you humans an idea as to how the whole work of creation took place, for you are neither able to imagine the length of time in which this work was completed nor the immense space that had to be populated by the small particles of soul of the fallen original spirits.

This required great diversity which was entirely achieved by My thoughts, so that I saw everything as a minute work of creation before Me and it simultaneously arose as finished work so that the creation took on ever larger forms wherein the soul particles were to mature, and it was teeming with creations of the most varied kinds so that I placed every work of creation where possibilities to mature were given. And thus the pre-historic

beings were a creation which I placed wherever the future human race was sooner or later expected to take possession of the earth in order to bring its developing process to an end. But that the earth should exhibit the same conditions everywhere was not intended by My versatile creative will, and even today there are vast stretches of land where no human being can exist because he lacks the conditions to survive, for which I have My reasons. Yet it is certain that the human being's external shape was a work of My love, that I created Man after My image and that his soul, too, shall one day become My image again which, however, was not the case with pre-historic people, they were unable to develop into the human being as he is at present, irrespective of whether he attains spiritual maturity or not

Knowledge about the process of pre-development

The knowledge about your soul's process before its embodiment as a human being is appropriate during the last days before the end for all people who go through life indifferently and are unaware of their responsibility towards their soul.

Although such people will not want to accept this knowledge it can nevertheless reveal to them a new point of view regarding their existence It can explain much which was hitherto unknown to them, it can encourage them to think and also unsettle them as they consider their future life, which they will no longer be able to doubt if the knowledge corresponds to the truth. A thinking person will not be able to reject it offhand but only few will be willing to accept it; yet it could still bring many people to their senses before the end and prompt them to change their attitude towards God

Imparting this knowledge by allowing people to gain an insight into His plan of eternity is also one of the means still used by God in His love because the end of this period of Salvation will also close the gates to the kingdom of the beyond and there will only be the two options for continued existence namely, as a human being on the new earth or as dissolved spiritual substances banished anew in the creations. This knowledge was

previously not essential because the immature souls were still able to gain maturity in the kingdom of the beyond and thus had enough time for their development, but people in the last days lack this opportunity and thus God still wants to help them by other means to achieve the degree of maturity which will prevent their banishment into hard matter.

Spiritual aspirants have indeed always been granted insight into God's plan of Salvation, yet mainly for the sake of their own development or in order to teach people with a particular thirst for knowledge, whose appeal for clarification was granted by God ... In the last days, however, this knowledge shall be distributed amongst people as admonition and warning, for although people's past memory had been taken away from them, their belief in the soul's previous infinitely long path will nevertheless awaken a certain sense of responsibility, and even an unbeliever can get second thoughts about his way of life and these can surface time and again like silent admonitions so that he will nevertheless consider them. And occasionally such explanations can also fill gaps in people's knowledge and are then more likely to be accepted because the meaning and purpose of creation become obvious yet only ever for thinking people who want logical reasons in order to be able to believe.

Such people are thrown a lifeline by God which can draw them onto safe ground And He will also let them find ways to find knowledge, He will convey the knowledge of the plan of Salvation and the infinitely long process of the soul's development to where it will be needed, even though not all people will need to know about it Yet God knows every individual person's thoughts and considerations and wants to answer their questions or dispel doubts But nothing He undertakes will be without meaning and purpose, and whatever He conveys to earth in the form of knowledge He, in His wisdom, has also recognised to be appropriate

Amen

The soul's process of pre-development

It is difficult to convince people of the fact that they had already travelled an infinitely long path before they reached their existence as human beings. It is difficult, given that precisely this knowledge is not included in the Gospel, which is the foundation of every church organisation. But God knows why He did not incorporate this knowledge, why He did not give his disciples the instruction to spread this knowledge, of which Jesus' disciples were most certainly informed. He only gave them the task of proclaiming the divine teaching of love, He made the commandments of love for God and one's neighbour the subject of what they were to proclaim as Gospel to their fellow human beings, which were also proclaimed by Jesus as a human being on this earth. For every person who lives up to this teaching of love will gain increasingly more knowledge and subsequently also find out about the human soul's infinitely long process of pre-development, which only has to pass its last test of will on earth.

The commandment of love is, in fact, the first and most important commandment, a person will not benefit from any knowledge, regardless of how profound it is, if he fails to live a life of love. For even this knowledge would just be misconstrued intellectual information since only love is the key to realisation and without love everything will remain incomprehensible which is evident in the present time since the said information will not be believed because it cannot be realised as long a person's thinking is not illuminated by love. Everyone willing to love will dwell on it and not entirely reject it but he might perhaps question why such knowledge was not given to people earlier, why it isn't mentioned in the Book of Books. And the same answer applies that knowledge is only of value for a person if it has come alive through love This is why every kind-hearted person will also be guided into deeper knowledge when the time is right. But since humanity is near the end they shall live even more responsibly. The knowledge about the soul's process of preliminary development can increase this sense of responsibility in people which, in view of the near end, is not to be underestimated. Even people who are as yet unable to believe can be prompted by thoughts to change their way of life. On the

other hand, however, this knowledge is not necessary if a person lives a life of love according to God's will. Then he will receive the knowledge instantly when he enters the kingdom of the beyond; he will brightly and clearly recognise what appeared unbelievable or was entirely unknown to him on earth.

But during the last days everything possible will be done on the part of God for the human being to reach the goal with ease. His attention will be drawn to his earthly task and the great significance of fulfilling this task, and in view of the end he will also be informed of the previous development, although without proof. However, everyone can obtain this proof for himself if he lived a life of love which could enlighten him and also grant him the ability of spiritual vision. In that case a person would also be able to observe the bustling spiritual activity within the various works of creation, he would come to see the lives of animals and plants in a different light and he would no longer doubt that he, too, would have passed through all these stages of pre-development But this presupposes a high degree of love, hence the divine teaching of love must always take priority, i.e., the human being's attained degree of knowledge or realisation on earth depends on his fulfilment of the commandments of love. Love is absolutely necessary for the human being but he does not need to be knowledgeable, because he can suddenly become brightly enlightened if he has lived a life of love on earth. And this is why you humans should not be surprised that the Gospel does not openly state something which nevertheless can be found concealed within For the Word of God has various meanings, which only a person living in love will come to understand Then he will also find many references regarding the human being's pre-existence in the creations of earth, and he will only ever attempt to pass his findings on to his fellow human being although they will only be believed if this person, too, is permeated by love

Amen

Who believes in the long path before human existence

Since your apostasy from Me eons of years have gone by this concept of time is incomprehensible to you but you can put an end to it now if you have the will to return to Me for good. You travelled this path dissolved into minutely tiny particles, and all creations first had to arise for you, which required an incredibly long time, until all particles came together again as the former original spirit that you were when you came forth from Me Every stage of your development included untold preliminary periods, no stage could be left out every flower, every animal had to be passed through, for you cannot see anything that hasn't taken on shape in your soul already Yet who will believe this? Who believes that you have covered an infinitely long time before your existence as a human being, and who lives up to the consequence of handing his entire will over to Me during this last stretch of the way of return into the Father's house and finally brings the long time of his development to an end?

You can only believe it all, but then you will do your utmost in order to reach the end the release from the form. Yet who can disprove what you learn from Me directly? Who can better explain the meaning and purpose of earthly life? And why do you believe the one who presents life as an end in itself? Because you are shrouded in spiritual darkness which is My adversary's doing who instigated your apostasy from Me And this spiritual darkness can only be lifted if I give you the right explanation, but in order to respect your free will I leave it to you as to whether you accept it. And if I put it to you that you will be banished again into hard matter, if I warn and admonish you to seek release from the last shackle then it should indeed prove My love for you, since I want to win all of you, My children, back again But you don't believe it; you would rather believe that you will completely cease to exist after your physical death You will indeed pass away but not in your spiritual substance, instead your consciousness will be taken away from you again but your soul will travel the very painful path of higher development once more

Oh, if only you believed, if only you realised that you are immortal and that everything will be placed again where it belongs according to its degree of

maturity, that you can liberate yourselves from every physical form and at last after an infinitely long time return into your Father's house again, that you only have to apply your will during the short lifetime on earth for your soul's final purification. Then you would truly do whatever it takes, for the glories waiting for you in the kingdom of the beyond are without equal But what makes you so certain that everything will be over with this life? Who can prove this to you? You counteract My revelations with your own reasoning. Your intellect, however, is subject to My adversary's influence if your thinking does not strive towards Me. Hence there is great spiritual darkness for he will keep you spiritually blind so as not to let you find the path to Me. And I can only be noticed by you through unusual events which have an adverse effect on you, and blessed is he who will then still come to believe in Me, who wants to find out the truth. I will reveal Myself to him and help him gain realisation. For I take pity on all My living creations who would be able to liberate themselves from their bondage but, due to their weak will, My adversary will not set them free and they cannot release themselves without the flow of strength from Me which, however, I cannot give to them as long as their will opposes Me

Reply to unpleasant messages from Bietigheim

I want light to be brought to humanity and therefore I have prepared bearers of light for Myself who shall contribute to enlightening people's spirit with their abundance of light, with knowledge they received supernaturally and which completely corresponds to the truth, since I Myself Am the Provider of this knowledge I Myself transmit this knowledge to earth so that you humans can find your way out of spiritual darkness and enter into the bright light. I Am a God of love and mercy I know your weakness and sinfulness, I want to help you and with much forbearance and patience try to make you understand and change yourselves. Nevertheless, one day the time will have passed which you were granted for your transformation. And therefore I will constantly inform you humans as to what you should do, how you should live and what fate will await you if you act in opposition

to My will I tell you all this by sending you My messengers, who thus proclaim Me and My will on My behalf

I Am a God of love, but also a God of justice, and I will keep My Word Do you humans know what that means? That everything I have promised you if you live in accordance with My will shall come to pass, but that everything that I announced as a consequence of your resistance to Me will also infallibly fulfil itself Eternal order has to be upheld, and the law of eternal order also includes the fact that a specific cause will bring about a specific effect Everything takes its time, but once time has run out the law will unfailingly fulfil itself

You humans do not have much time left, thus you would do well to get used to the thought that you might suddenly get called away or, if you are exceptionally blessed, that you will experience the end. Whatever arguments you use against it they are misguided and will not change the eternal plan of Salvation, which is known to everyone who seriously endeavours to grasp My Word and understand it. What I proclaim through My messengers to you humans is nothing new, references and warnings about the end have constantly been given to seers and prophets since the beginning of this period of Salvation, which must and will sound ever more urgent the closer you get to the end. It is not due to lack of love on My part when My Word fulfils itself, for even this final event has its foundation in My infinite love to enable and support higher development of those who failed of their own free will. I would not be a just God if I did not create a balance in a world which is more and more governed by the prince of darkness although it is destined to be a school for the spirit and must become it again in accordance with My eternal plan of Salvation

Amen

Taking notice of God's plan of Salvation

The fact that I reveal My plan of Salvation to you should make you realise the significance of the time you live in. The knowledge I convey to you in all clarity is intended to give you an insight into My reign and activity, it explains to you the purpose of your earthly life, the meaning and purpose of creation this knowledge is so momentous and extensive that it could not humanly be offered to you such knowledge can only be imparted to you through the working of My spirit. The light I transmit to earth can shine exceedingly brightly and dispel the darkness if you humans are receptive to it, if you allow yourselves to be impressed by it as soon as I address you And the reason why I transmit this extraordinary knowledge is because you are approaching the end If you have been informed of My plan of Salvation you will also understand that one period of Salvation comes and must come to an end, for then you will only look at everything from the point of view that the fallen spirits must be given every opportunity to start the path of return to Me be it the human being or the spiritual substances which are still bound in the creations which, in their fundamental substance, emerged from Me as a being and shall also return to the Father's house as a being again

Since you know My eternal plan of Salvation you will also know about the infinitely long process of development which the fallen spirits have to travel in order to ascend again In that case you will also mercifully consider those who have not yet reached the stage of a human being and which suffer in their constraints because they originally came forth from Me as a free spirit And you will also know that it is due to the human being's free will if he fails during his earthly life, and that this free will therefore creates his own fate that his life on earth is unwarranted if he makes no use of his embodiment as a human being Hence you can understand that this spiritual being forfeits its own earthly life and that the termination of one period of Salvation is merely an act of love on My part, Who also wants to help the advancement of those spiritual substances who long for their final form so as to be able to release themselves for good by taking the final path across earth as a human being And I inform you humans of My

plan of Salvation in the last days as a special grace because it will make it easier for you to believe in an end once you have correctly recognised the correlations For even if a thousand years are like a day before Me the last day which has been determined for eternity will nevertheless arrive sooner or later And then I will separate the sheep from the goats and those who are and remain faithful to Me will be saved, none of those need be afraid when the earth begins to tremble, for their life will be guaranteed for all eternity

Therefore, understand My Words correctly and don't doubt Me and My Word, which comes to you from above announcing a near end to you and which will fulfil itself because it is the truth Those who take notice of My revelations should really find it easy to believe since you are aware of all the correlations For I have revealed My `plan of Salvation'to you, you have received extraordinary knowledge to enlighten you, so that you will be able to believe You cannot persuade Me not to carry out My plan of Salvation, you cannot delay the day of the end because it has been predetermined for eternity But every one of you can belong to those to whom I have promised My protection if they remain faithful to Me you can belong to the few righteous people whom My arm will protect, whom I will lift away from earth when the hour has come which signifies the end for all creations on, in and above the earth For My might is great, My love is infinite and applies to all as yet unredeemed spiritual beings, and My wisdom truly knows when the time is right for a necessary change if the higher development is to continue in accordance with My eternal order And My love, wisdom and might will constantly be at work when it concerns the return of all fallen spirits who shall come home into My Fatherly house

Amen

Who was Bertha Dudde?

Bertha Dudde was born on 1. April 1891, as the second oldest daughter of a painter, in Liegnitz, Silesia. She became a dressmaker and began to receive pronouncements from God through the 'Inner Word' on 15. June 1937.

“In a clear dream I was moved to write down my thoughts after devout prayer. Understandably this often gave way to doubt and inner conflicts until I was convinced that I was, myself, by no means the initiator of these exquisitely gracious words; but instead it was the spirit within me, in other words, the love of the Heavenly Father was obviously responsible for them and introduced me to the truth”.

“I was given knowledge of the spiritual world which far exceeded my elementary school education. I received and receive this knowledge as a dictation in a state of complete consciousness; I write down everything I am told in shorthand, in order to then transfer it word for word to clean copy. The procedure does not take place in a state of compulsion, for example in a state of trance or ecstasy, but in an absolutely level-headed frame of mind. However, I have to want it to happen and then I can receive these dictations voluntarily; they are neither bound by time nor place.

“Now I only have one wish, which is to be able to make these gifts of grace accessible to many more people and in accordance with the will of God Himself to be allowed to do much more work in His vineyard.”

(Quotations from an autobiography from 1959).

Bertha Dudde died on 18. September 1965 in Leverkusen, Germany.
